MINUTES OF THE MEETING HELD IN BROAD HAVEN & DISTRICT VILLAGE HALL ON 10 OCTOBER, 2019 AT 7.00 PM

Present

Cllrs Ian Whitby, Charlotte Alexander, Gillian Collins, Connie Stephens, Mark Burch, Sue Reynolds

Apologies

Cllrs Matthew Ford, Carys Spence, Joan Philips, Dai Faulkner,

Pre-Application Consultation with regards to the upgrading existing car park facility in the village of Broad Haven.

There was support for the proposed planning application in principle, however there were a few concerns raised by councillors.

- Reduction of car parking spaces by 60. During this summer season HCC have received numerous complaints about parking issues around the village and it is felt this would exacerbate the situation in future years. In addition to this, reducing the number of visitors to the village can have an indirect impact on local businesses.
- Concerns over maintenance of car park. HCC are not willing to accept liability for any part of the development in the future including playpark, picnic area etc as per plans shown on 24th September 2019 at the consultation event.

There being no further items to discuss the meeting closed at 8pm
